

THE YOUTH MASTER PLAN

The Youth Master Plan (YMP) is a 10-year, comprehensive roadmap for creating and sustaining a positive, youth-development focused, results-oriented New Orleans that works for all of our young people. The YMP is New Orleans' opportunity to be deliberate about the potential of our youth and build pathways to make that potential a reality.

The plan brings together young people, parents, educators, community leaders and other key stakeholders to develop, implement, and monitor a 10-year, multisector plan for improving outcomes for our children and youth across Orleans Parish.

YOUTH ARE THE SOLUTION, NOT THE PROBLEM

The Youth Master Plan lays out 30 solutions across six Youth Master Plan areas (listed below) and centers on five developmental stages from birth to 24.

- Health & Wellbeing
- Youth Voice
- Learning
- Safety & Stability
- Space & Place
- Economic Stability

A core goal of the YMP is to shift the negative and false narrative around our New Orleans youth, while aligning resources with the needs of young people. That's why the YMP is focused on a Positive-Youth Development framework. The plan advances solutions that are proven to work, while supporting, engaging and centering youth from a place of partnership, respect, and power-sharing.

THE SUCCESS OF THE PLAN DEPENDS ON ALL OF US

We're counting on everyone—from all over the city and across sectors—to make this plan a success. Each of the solutions depend on folks implementing their pieces of the collective plan.
